

Sol-M® Luer Lock Syringe Trays

Sterile Convenience Trays

- Sol-Millennium's Luer Lock Syringes are available in sterile convenience trays. Intended to be used in pharmacies, Sol-M syringes are packaged uni-laterally in a user-friendly design that improves workflow and productivity.**

Features

- Syringes are packaged with tips facing in one direction for enhanced aseptic technique and workflow automation
- Help improve workflow by reducing the number of single-syringe packaging that needs to be opened
- Available with Sol-M Luer Lock syringes sized 3 through 60mL
- Clear, bold graduations for accurate medication preparation and administration
